Siltech presents the new Classic Anniversary Series!

In order to commemorate 25 years of class leading audio cables, Siltech research presents a newly designed spectacular sounding high value series. The all new Classic Anniversary Series™ is created by using many elements of Siltech's most advanced technology used for the Royal Signature series. To name a few highlights: all G7 pure silver-gold conductors\*, advanced aerospace-technology insulation, precision dual balanced construction, smallest possible tolerances in industry.

\*G7 is used for Models 330i / 330L / 550i / 550L / 770i / 770L / HF / FW and Phono. Models 220i and 220L use G6 silver-gold technology

**SILTECH** 25 Years of  
Revolutionary Technology
